PERSONAL INFORMATION

Date of Birth : 24th January 1999

Marital Status : Single

Nationality : Jordanian

Place of birth : Amman- Jordan

Academic Qualifications

Computer Engineering student

Hashemite University

[2017-Present]

Computer engineering involves the design of computer systems (hardware and software) and related devices. It uses the techniques and principles of electrical engineering and computer science, but also covers areas such as artificial intelligence (AI), robotics, computer networks, computer architecture and operating systems. The electrical engineering aspect of the discipline includes designing application devices, interface hardware, memories, and computer chips. The computer science component involves software engineering, programming, operating systems, algorithms and data structures.

Technical Courses

(September,2019) A+ course for computer basics, IEEE Hashemite University, Computer society, (the main course headline about using computer, computer parts such as the mouse, monitor, keyboard, USB and Ethernet as well as topics such as computer security, the internet, problems and troubleshooting as well as a few more advanced topics)

Club Memberships

IEEE Organization / Hashemite University branch

Computer society Chapter

I am a member at IEEE which is an organization inspire a global community to innovate for a better tomorrow through its more than 423,000 members in over 160 countries, and its highly cited publications, conferences, technology standards, and professional and educational activities

My position is a social media member, and we are responsible for all the social media responsibilities such as managing all the social media profiles, publishing content, listening, replying to comments and analysis

Computer SKILLS

MS-Office

Internet

Social Media

AutoCad
